Dear Mr. Hewitt:

On May 29, 1985 we received a Notice from Interstate Brick to conduct exploratory drilling operations on the Sunshine claims located in T. 6 S., R. 3 W., Section 27. On January 21, 2003, you requested that the case file for the subject Notice be closed. A follow-up inspection of the area on May 12, 2003 revealed that the surface disturbance remaining in the claim area was likely the result of exploratory drilling or trenching activities conducted prior to January 1, 1981, the date the Bureau of Land Management's Surface Management Regulations at 43 CFR 3809 came into effect. We are therefore closing the subject case file.

If you have any questions, or require additional information, please feel free to contact Michael Ford of my staff at (801) 977-4360.

Sincerely,

Brad D. Palmer
